**NOTICE
WASTE DISCHARGE REQUIREMENTS
FOR THE
MA-RU HOLDING COMPANY, INC. AND
BONZI SANITATION LANDFILL, INC. PARTNERSHIP
FOR
OPERATION, CLOSURE AND CORRECTIVE ACTION
AT THE
BONZI SANITATION LANDFILL
STANISLAUS COUNTY**

TO ALL CONCERNED PERSONS AND AGENCIES:

Enclosed for your review is a copy of a Notice of Public Hearing and tentative waste discharge requirements (WDRs) for the Bonzi Sanitation Landfill. Regional Board staff will request the Regional Board to consider adopting these tentative WDRs at its meeting on 3 and 4 May 2007.

These Waste Discharge Requirements (WDRs) prescribe requirements for current landfilling, post closure maintenance of the closed unit, closure of Waste Management Unit (WMU) II and III, environmental monitoring and the corrective action program.

As a result of Cease and Desist Order No. R5-2005-0073, the 23 December 2005 Stipulated Judgment, and Cleanup and Abatement Order No. R5-2006-0172, the Discharger has submitted a Joint Technical Document to update the facility operations, Closure and Post Closure Plans for WMUs II, III and IV, a groundwater monitoring system upgrade report, and the 5-year groundwater sampling event data. These WDRs allow the Discharger to accept only inert waste as defined in California Code of Regulations Title 27. Inert waste will be placed on WMUs II and III to raise the final elevation for the mandated December 2011 landfill closure. These WDRs also expand the groundwater monitoring program to include the newly installed monitoring wells, as well as setting a discharge limit for the land application area.

California Environmental Protection Agency

Recycled Paper

In order to conserve paper and reduce mailing costs, a paper copy of the tentative WDRs has been sent only to the Discharger, the Riverdale Community Group and the Parkdale Water District. The remaining interested parties are advised that the full text of the WDRs is available on the Regional Board's web site at <http://www.waterboards.ca.gov/rwqcb5/tentative> under the heading of "Discharger-Specific Orders for Future Board Meetings. The item will be posted by 20 March 2006. Any comments or evidence you may have concerning the enclosed tentative orders must be submitted to this office by **9 April 2007** in order for us to give them full consideration prior to the 3/4 May 2007 meeting of the Regional Water Board. Comments submitted after this date will not be accepted.

Anyone without access to the Internet who needs a paper copy of the tentative Order should contact Howard Hold at (916) 464-4679.

VICTOR J. IZZO
Senior Engineering Geologist
